

SIMBIOSI

Davide Groppi / 2015

A de-structured chandelier that can be re-assembled as you like.
A conjuring trick that gives you the possibility of connecting the diodes in series
using very weak electric currents with wires that are practically invisible.
The very thin wire that connects the light sources and brings them alive,
one in relation to the other, is the principal component of this project.

Suspension / Direct / Indoor

Material Metal
Finish **.03** Matt White **.19** Polished Gold **.26** Total Black

Note Suspension luminaire. Matt white rose and red cables for the matt white finish. Matt black rose and anthracite grey cables for the other finishes. AISI 304 stainless steel suspension cables.
