

# Zinco

The Zinco bookshelf is a furnishing accessory with a strong character and refined industrial style. Made entirely of metal, it stands out for its sturdiness and essential design. The solid, geometric supporting structure holds metal sheet shelves that provide visual lightness while maintaining high resistance.

Zinco

The Zinco bookshelf is composed of modular steel elements assembled with visible mechanical fastenings. The steel rod uprights and shelves made of bent sheet metal ensure a high load capacity. The structure is fully disassemblable.
